## BRO. PETER TO BE A SPEAKER AT VICTORY BANQUET IN BOSTON

Sunday Night on Occasion of Presentation of Sugar Bowl Trophy to The Eagles—Addresses Will Be Broadcast Over Broad Hookup.

On next Sunday night, February 9th, Brother Peter, president of St. Stanislaus College, will be a speaker on the program of the Victory Banquet to be tendered members of the Boston College football team at the Stafford Hotel in Boston, Massachusetts, when members of prominent persons in football circles will also be guests and the city of Boston does honor to the conquering heroes of the Tennessee Vols.

The banquet will take place at 6:30 p. m. Boston time, and a part of the program will be broadcast over a national radio hookup. There is a difference of an hour in Eastern time.

At this banquet, the team will be presented with the handsome Sugar Bowl trophy which they captured on New Year's Day, and for the event, fifteen members of the New Orleans Sugar Bowl Association will journey to Boston and attend this gala and sumptuous affair.

## FOR RED CROSS WORKERS

Makers of Garments Asked To Aid—Two Rooms On Second Floor Masonic Bldg. To Be Used.

On Tuesday at an executive meeting of Hancock Chapter of the American Red Cross, plans were made for work on the Chapter's next quota of garments to be made by volunteer workers who are willing to sew, knit or crochet.

The chapter has secured the use of two large rooms on the second floor of the Masonic Temple where an office will be maintained.

It was also decided to endeavor to secure for the carrying on of Red Cross work, and the chairman of the various committees agreed to sponsor some means of earning funds with which to purchase incidentals and equipment necessary.

Anyone wishing to volunteer their services for sewing, knitting or crocheting will please get in touch with either Mrs. Dennis J. Burge, executive secretary, or Mrs. Milton Phillips, chairman of volunteer service and as soon as material is received, they will be notified and given same.

## Mrs. Hensen Reviews Book Under Auspices Hancock WPA Library

On last Friday afternoon, an unusually good attendance filled the Parish House of the Episcopal church on Carroll avenue when the Hancock County W. P. A. Library Board presented Mrs. C. C. Hensen of New Orleans and Pass Christian in a review of Jan Struther's "Mrs. Minerva."

Mrs. Hensen who has reviewed several books before the local devotees of literature kept her audience interested every moment, and they lived through the many amusing incidents related in Mrs. Minerva's life.

Mrs. Hensen was entertained at the home of Mrs. John Weston for luncheon before the review when members of the library board gathered there.

## Local Red Cross Workers Called To Scene of R. R. Wreck

Mrs. Mollie Hodges, Red Cross Field Representative, who was on the Coast last week with Mrs. Ethel Matson, another Red Cross Field Representative whose work is with Juniors for Red Cross work, was called from this section to Laurel to assist in relief work in connection with the railroad wreck at Sandersville, in which the trainman of the wrecked train was killed and twenty-five soldiers on board from Indiana to Camp Chase, injured.

## SUSPECTS ARRESTED IN HOLD UP OF FORD FAVRE TAVERN, H. 90

Men Lodged in County Jail; Proprietor of Place Says Fifty Dollars Looted.

Hodge Moran and Judson Neelise living at Pass Christian, were arrested on Friday and lodged in the Hancock county jail here as suspects in the daring hold-up of the Ford Favre Tavern and Tourist Camp on Highway 90 at Pearlinton on last Thursday night, after giving officers a chase. A third member of the party had not been apprehended.

The trio drove up to the Tavern and going in made their get-away with four slot machines driving East in the direction of Bay St. Louis. A short distance from the Bay, tire trouble caused them to abandon their automobile and they stopped a cattle truck coming along the road, and were attempting to escape in it when officers arrived on the scene and the bandits escaped into the woods. The slot machines which had been demolished in the attempt to secure the money which they contained were thrown alongside of the abandoned automobile. The automobile had a number of licenses from different states on it. Also before leaving the Favre establishment, the bandits cut the telephone wires.

Officers stated that about \$50.00 in cash had been taken from the slot machines and the bandits held employees of the Favre Tavern up at the point of guns and appeared to be desperate characters. The chase and subsequent arrests were made by Sheriff Horace L. Kerosien and deputies Claude Monti and Gerald Price, who were assisted by Lester Garriga and Patrolman Joe Wittman of Pass Christian and Deputy George Houtz of Gulfport.

## SEEKING TRAINED PEOPLE

Hancock County Home Economic Agent Asks For People to Register For Future Possible Call.

The National Home Economics Association is calling on every state in the United States to cooperate with the National Defense Commission in registering all people who have three years or more training in college home economics.

Registration does not mean that any person may be called to a new job now, nor is it to be considered as an application for jobs, but according to Eleanor Smith, county home economics chairman, the County Home Economics Association wants to know where to find trained people should there be a need.

Home economists are asked to register from all professions, namely: teachers, housewives, farm security supervisors, home demonstration agents, dietitians, home economists in business, institutional workers, adult education, N. Y. A. centers, school lunch supervisors, household aids and sewing projects, nursery school and others where they have had three years of college home economics.

Homemakers, teachers of subjects other than home economics, and women in other lines of business, but who have had the required number of years of training are asked to cooperate in the registration program. The registration will be made in the County Superintendent of Education during the month of February. If you have the required training, please go by and register.

## BINGO MATINEE SUNDAY

The Woman's Benefit Association will sponsor a benefit bingo party on Sunday afternoon at 2:30 at Trapp's to help defray the expenses of decorations for the Bay St. Louis Carnival Ball. 25c permits you to play from 2:30 until 4:30 and many handsome prizes can be won.

## BAY HIGH P. T. A. MEETING

The monthly business meeting of the P. T. A. will be held in the Bay High auditorium at 8:45 P. M. Tuesday, February 12th. Open House and social is planned for the following Tuesday, Feb. 13, at 8:45 P. M. in the new building. A special program has been prepared which the public is invited.

## CARNIVAL FOR BAY FEB'Y 21

Preparations For Annual Ball and Court Progressing—King and Queen Selected.

Plans and arrangements are crystallizing for the Bay St. Louis Carnival Ball to be held at St. Joseph Academy auditorium on the night of Friday, February 21st when all of Bay St. Louis attends.

A popular gentleman and extremely well known and lovely lady will reign as this year's king and queen and their court will be composed of some of the fairest of our younger married and unmarried set, and with the colorful and picturesque setting of "A Night in Vienna" with the gay colors and bright setting, the ball promises to be one of much beauty.

All committees are busily engaged with their different duties and Mr. Alton Irwin and the members of his committee on Decorations have gone forward with quite a bit of their work.

Members of the court committee can be seen daily going all about and arranging for one of the largest and handsomest courts yet seen at a Carnival ball.

An excellent orchestra, one of New Orleans finest, has been secured and everyone is assured of excellent dance music.

## FLOWERING PLANTS OVER BAY-WAVELAND HARBINGERS OF SPRING

Many Places Where Gardens Grow Noted—General Complaint About Live Stock Allowed to Roam—Action Should Be Taken.

Everywhere flowers and shrubs are blossoming forth. The pathway to the Roger Boh home is colorful with vivid orange calendulas. The Reed Hotel, Mrs. Landry, Mrs. John Stewart, the Renshaws, and the John Bryans all have these showy blooms. The finest Nandina in the Bay is found on Carroll avenue. The planting on the Chas. G. Moreau grounds is always especially luxuriant. And the Hoffman and Erwin gardens boast of some very fine Nandina, also.

Mrs. John Weston has had a very pretty camellia in bloom. And the huge, old single red camellia bush in the Breath garden, pride of the late Mrs. Charles Breath, is blooming as profusely as always. Although not as profuse as in some years, the narcissus have been very pretty throughout the city. The clumps along either side of the Mr. and Mrs. Harry Glovers' walk are most effective as one drives along.

On Miss Lucy Richardson on Sycamore street makes a natural setting for these early harbingers of the spring to come.

Here and there an iris or flowering quince is putting forth blossoms and the yellow jasmine flaunts a golden spray or two.

The entire town is beginning to dress up for spring and for Garden Week, March 16-23. The banks, schools and churches are being painted, lots are being cleared, trash removed and flowers and shrubs planted.

The best example of what may be accomplished to improve a vacant lot is that of the Theo Tudury's on Court street. Once a mass of unsightly weeds and tangled grasses, care and planting have produced a park like beauty that attracts the eye of every passer by. Azaleas and camellias further enhance the setting of thriving young oaks, making it a financial as well as beauty asset.

With all these efforts to make the Bay and Waveland beauty spots, it is to be deplored that cattle are allowed to run loose on gardens and lawns. Much complaint has been recently made by home owners that flowers, shrubs and lawns have been destroyed and trampled by these roving pests.

A good citizen never tolerates anything that is injurious to others. And all owners of cattle horses or mules are urged to confine their live stock so they will not destroy or injure the property of others.

## KENNEY PECAN GROVE ENTERPRISE MOVES TO NEW LOCATION

Expanding Business Warrants Larger Quarters—Located Directly on Highway 90.

Because of constantly-expanding business and recently purchasing the ideal and A-1 property value, on North Beach Boulevard, opposite Hotel Reed, affording spacious and advantageous quarters, Kenney's Pecan Grove, shippers of high grade pecans and nationally famous Kenney's Creole Praline, moved Monday from their location opposite The Echo Bldg. to new quarters.

Mrs. Kenney, pioneer of the local pecan and praline industry, in this section, gave Bay St. Louis an entirely new industry, which in total will prove an asset of incalculable benefit—not only in dollars and cents but of lasting advertising value.

Introduction of this enterprise by Mrs. Kenney has resulted in the expansion of a vast business, in which Mrs. Kenney leads as she ships over the entire country.

The old quarters, located on the beach, in the very heart of the city, is vacant and offered for rent to reliable and reputable tenant.

Bay St. Louis will be known far and wide not only for scenic beauty, health-giving properties, etc., but for its famous paper shell pecans and Kenney's Original Creole Pecan praline.

## MATTRESS PROGRAM IN COUNTY

Project Operating in Bay St. Louis For County Has Already Made 500 Mattresses.

According to information received from the office of Miss Eleanor Smith, Home Demonstration Agent, and S. W. Stowers, County Agent, the mattress program for Hancock county is well under way, in that well over 500 double bed size mattresses have already been completed and delivered to rural families of the county.

The agents have set up a mattress center in Bay St. Louis, and are able to turn out from 20 to 25 completed mattresses each day.

According to the agents, the program is eligible only for families who live in the country and have an income not exceeding \$500 gross per family, plus \$50 for each member of the family over four in the family. Town and city families must have had at least 50 per cent of their income from farming operations, in order to be eligible. The agents explained that the cotton and ticking is furnished by the Surplus Marketing Administration and that the program is mainly educational and demonstrational, in that each eligible family must make their own mattress under the direct supervision of the county agent and the home demonstration agent.

Applications are being received at the county agent's office and are being filed when accompanied by a 75c deposit to cover expenses incurred in handling the program. The 75c deposit is the only cost to the applicant, however, each applicant must report and make their own mattress when notified by the agents.

## Garden Club Meeting To Be Held at Home Of Mrs. N. L. Carter Thursday

The regular monthly meeting of the Bay-Waveland Garden Club will be held on next Thursday, February 13th at the home of Mrs. N. L. Carter, 114 Beach Boulevard, and members are asked to please attend.

Members are also reminded to bring their flower exhibits and arrangements as at each meeting, a blue ribbon is awarded the winner of the most artistically arranged or unique arrangement of flowers, shrubs or weeds.

At the last meeting of the Garden Club held at the home of Mrs. A. C. Encinios, Mrs. L. E. Boyd's lovely china vase representing a girl's hat and with white narcissus, gladioli, gracefully falling over the wide brim won first place.

Atlantic and Gulf exports increased 10 per cent in 1940.

## SUM OF \$271,948.00 IS ALLOTTED FOR REPAIRING AND BUILDING SEAWALL

Senators Harrison and Bilbo and Congressman Colmer Back Proposition Originated by Hancock County Board of Supervisors to Successful Fruition—Repair And Rebuilding of Wall and Long Sloping Beach to Protect Wall Now Assured.

## SHIRLEY SMITH IS WINNER

Freshman From Bay Saint Louis Wins Place In University Debating Team At Ole Miss.

Miss Shirley Smith, daughter of Dr. and Mrs. A. P. Smith, recently gained distinction as a freshman by being chosen a member of the varsity debating squad at the University of Mississippi.

The University Varsity Squad, which is composed mainly of junior and senior law students, contains

MISS SHIRLEY SMITH

three complete teams that debate colleges and universities throughout the South.

Shirley started her debating career at Bay High School in 1938, when, as a sophomore, she was the youngest member of the team that won the State Championship. Since that first year of debating she has maintained an enviable record of regional and district championships, and it is not surprising that she received this coveted honor.

This is the second time a Bay High student has made a college varsity team in her freshman year. Miss Mildred Cagle, also a member of the 1938 State Champion Team, made the varsity squad at Mississippi Southern College in 1939.

## DEFENSE WEEK PROGRAM

Presented at Bay Hi School By Different Organizations—Supervised By Mrs. Jas. Sylvester.

On last Wednesday evening, a pageant was staged in the auditorium of Bay High School sponsored by a number of different patriotic organizations and supervised by Mrs. James Sylvester as part of the Defense Week Program.

The pageant consisted of nine tableaux depicting the various types of work and the characters involved in these occupations and the various types of professional and service divisions of the WPA.

The stage was a patriotic one with red, white and blue bunting and American flags arranged and the Rev. Father Leo F. Fahey read the script for the tableaux. Music was furnished by Prof. W. C. Morgan, director of the Bay High School band, and J. D. Kirkpatrick, Jr., a member of the band.

The pageant was a part of the Defense Week Program and was one of the most interesting events of the week.

The Board of Supervisors of Hancock County and the Sea Coast Echo are in receipt of telegrams from Senator Pat Harrison and Senator Theodore G. Bilbo and Congressman W. M. Colmer advising Presidential approval of Project to improve the Seawall and Beach in Hancock county, with a Federal allotment of \$271,948.00.

## To Build 700 Feet Additional Seawall

This Project is for the purpose of repairing the present seawall and covers items of clearing, grubbing, excavating, grading and embankment, and removing and replacing sidewalks and roadways and sealing the front of the wall which is constructed of sheet piling and the placing of an hydraulic fill or sand beach in front of the wall. Also, the construction of concrete groins to retain the sand beach and to prevent the erosion and movement of sand after same has been pumped in. It also provides for the construction of approximately 700 feet of new wall. This part of the wall to be built beginning in the front of the Lester Alexander home and going north where quite a bit of erosion has taken place in the last couple of years.

## Project Receives Early Approval

This Project was filed with the State WPA authorities on December 17, 1940, and was immediately approved and forwarded to Washington reaching there on January 8, 1941. It is quite remarkable to note the rapidity with which this particular project was approved by the WPA authorities in Washington.

## Board of Supervisors to Be Commended

The Board of Supervisors of Hancock county ought to be commended for their action in attempting to preserve the seawall in Hancock county. It is one of the most valuable assets that this county has. It is to be noted that two-thirds of the assessments of Hancock county is in the City of Bay St. Louis and the Town of Waveland, Wv. in Bay St. Louis and Waveland know that in the event our beach roadway was destroyed, that values would topple.

## Hydraulic Dredge Boat to Be Delivered This Week

The Board of Supervisors have contracted and will have delivered to them this week an hydraulic dredge boat to be used in pumping in of a sand beach and the fill in front of our seawall and beneath the roadway.

From experts who have seen the dredge boat when it was tested, comes the word that it is one of the best of its size in the country.

## Work to Be Started Immediately

This project will be released immediately to the State Works Progress Administration, and work will begin as soon as the release of the project has been secured from the State WPA office.

We feel certain that the foresight of the Board of Supervisors of Hancock County in attempting to protect the seawall in Hancock county as a whole in the future.

The sand beach to be constructed will cover the entire distance of the wall from Bayou Cadet to Jordan River.

## GULF GARDENS INVITE PUBLIC

This is the time of the year to plant outdoor shrubs and other plants. Just now, the Gulf Gardens, on Highway 90, next door to fire station, Bay St. Louis, is offering an unusual lot of such plants and at the most reasonable prices. The stock is large and varied and selections are easy. You are invited to visit this new place of business. Display advertisement appears elsewhere in this issue of The Sea Coast Echo.

## MEETING POSTPONED TO NEXT FRIDAY

Due to the death of Mother St. John's sister, the meeting of St. Joseph Academy Parents' Club, to have been held this Friday afternoon, February 11, will be held on Friday, February 14, same time, next week instead. Members and others interested are asked to take notice.

## GREAT PROJECT TO BECOME REALITY.

SENATORS Pat B. Harrison and Theodore G. Bilbo have respectively wired The Sea Coast Echo intelligence to the effect, "Advise Presidential approval project to improve seawall and beach Hancock county. Allotment \$271,984.00."

These messages are of much importance to this immediate section of Bay-Waveland from the fact they tell of approval of the colossal plan evolved by the Hancock County Board of Supervisors to rebuild and to add to the present seawall and to construct a beach that will extend to a great distance out, from one end of the wall to the other.

The funds forthcoming are to protect the seawall we already have constructed; to add thereto and to increase its usefulness as a measure of protection to valuable property. Also to create for the further assurance of protection of the wall a sloping beach of deep dimensions that will give a "bathing beach" of value to this section as a summer resort.

As an additional feature to this section of the Mississippi Gulf Coast as a summer resort we know, and neither may the mind conjure, of any attraction of more value than this.

We indeed owe a great deal to the Board of Supervisors of Hancock county that create these things and to our representatives in Congress who help to make possible their realization.

## SPRING, 1941.

THE year 1941 gets underway with the fate of the world in doubt with two great peoples fighting to the death across the Atlantic Ocean and the impact of their encounter spreads around the world.

Winter is around us but Spring is just ahead. To many brave men it will bring suffering and death; to untold millions, despair, devastation and disaster.

Nature revolves in her normal cycle. Flowers will soon replace ice and snow as the gaunt and bony hand of death prematurely closes the eyelids of man.

The earth will be clothed in beauty even though the heart of mankind throbs in bloody agony as men pay for their errors, ignorance and sin.

Buds will blossom again on the face of the earth, without knowing that men have died, but humanity will smile in the midst of grief, knowing that mankind will bloom again.

## "ENGLAND WILL WIN."

"ENGLAND will win," says Quentin Reynolds, war correspondent and magazine writer who was in France throughout the German assault and in England for months under Nazi bombings.

The correspondent, lately returned to this country, says on the basis of his experience, that "England not only can take it, she will keep right on taking it." Mr. Reynolds says that the British have the will to take it, and nothing will crush them. They have enough of the things they need and he doesn't think that the Germans will be able to keep supplies from America from reaching the British.

Here is a record for The Echo advertisers to shoot at: One large chain store spent \$11,000,000 in newspaper advertising space in 1939.

The main reason why Hitler will never have world peace is the fact that there are millions of individuals who would rather die than live in a Nazi-dominated world.

The Sea Coast Echo hopes to render service to its subscribers but it cannot give you the best service unless you give it your cooperation.

Regardless of how the war in Europe ends, the sturdy defense of England has given the United States time in which to prepare for its own defense.

Every man, woman and child in Hancock county should have some kind of garden plot. There are lessons to be learned from garden plots. There are lessons to be learned from nature which are not available anywhere else.

Over 97,000,000 slash and pine seedlings have been planted in Mississippi during past 5 years, according to the Forestry Commission. The Forestry Commission is protecting approximately 4,500,000 acres of forest land and fire, and an additional 1,333,000 acres are under federal protection.

Edgar Harris of the West Point Times-Leader tells this one: "We talked to a good lady from Hattiesburg the other day, and she casually mentioned the fact that she is renting a room in her home to the wives of four men stationed at Camp Shelby. Each of them pays me \$10.00 a month," she added. "You know I could get more, but I do not believe in profiteering."

February 8 has been named as the formal opening of Beauvoir, at Biloxi, as a state shrine, as provided by an act of the legislature of 1940. Ceremonies will be held and Governor Paul B. Johnson and state officials will be special guests. The ceremonies will be in charge of Mrs. John D. Pentecost, division president of the United Daughters of the Confederacy and W. H. Hermon, commander of Sons of Confederate Veterans.

THE United States is conducting something of a diplomatic offensive in various sections of the world.

"Wild Bill" Donovan has recently visited the Balkan nations and North Africa, where he let the nations affected know that the United States is against Hitler.

Lauchlin Currie is on his way to China to consult with General Chiang Kai-shek to discover how best to use our economic power in assisting China in her war with Japan.

Harry Hopkins, who has been in London for some weeks, has been joined by Wendell Willkie, on an unofficial trip, and the two of them will convey assurances to British people in regard to the flow of supplies that will come to them from the United States.

Thus we have unorthodox diplomacy working overtime to impress susceptible statesmen with the determination of the United States to prevent a Nazi, or Axis, triumph. The speakers are abroad as the personal representatives of the President of the United States and they deliver his message.

All that is needed now is for Congress to promptly pass the "Lend-Lease" bill so that the nations of the world will know that the President of this country has been given ample authority to make good the words of his messengers.

Once it is thoroughly understood, among the nations of the earth, that the economic power of the United States is to be used, without stint, in favor of the British, Greeks and Chinese there will be a decisive change in the attitude of other nations toward the Axis powers.

It is possible that the diplomatic drive of the President will prove to be the decisive factor in the European and Asiatic wars.

## CHINA REJECTS PEACE OFFERS.

FOR nearly six months, according to T. V. Soong, former Finance Minister, China has received "peace offers from Japan on increasingly favorable terms."

Mr. Soong says that the Japanese hope to press their advance towards Singapore and "can well afford to give China liberal terms now" because "after the fall of Singapore, all agreements with China would automatically go by the board."

Mr. Soong says that the Japanese reasoning is "perfectly sound" and that it is "so sound that the Chinese can see it too."

The reaction of the Chinese Government to peace offers from Japan demonstrates that there can be no peace in the world until nations have faith in the pledged word of other nations. China, struggling against grave odds in a war more than three years old, is forced to the conclusion that she must reject peace terms because she can place no faith in the pledged word of her adversary.

The same observation applies to Europe. Regardless of what peace offer Adolf Hitler and Benito Mussolini put forth today, there is no responsible statesman on the other side who is able to put faith in the German or Italian word.

In short, practically all British officials would regard such an offer with suspicion, viewing it as a stratagem, designed to lull them to sleep. They know, from past experiences that another attack would begin whenever the truce served the purpose of Germany and Italy.

## KNUDSON'S PATRIOTISM.

ASKED why he had left a job paying him \$150,000 a year to accept his post with the National Defense Commission with no salary at all, William S. Knudson made this reply:

"I don't want to sound sentimental but I had been working in this country for more than forty years. It had been pretty good to me. I was in a position to work for nothing, and I felt that if I could do something for the country, I would like to do it."

No wonder that the spectators, hearing this honest sentiment, broke out in applause.

Questioned as to the relationship between himself and the President and the latter's attitude toward him, Mr. Knudson replied: "I stick to my last. Whenever I have anything to take up with the President, I always get from him fine and prompt action."

Mr. Knudson denied that he felt any legal limitations on his authority that might be hampering the defense program, and insisted that the "defense of this country is the primary reason" for the bill. He persisted that the United States was simply taking care of itself.

## INK.

CHEMISTRY is a great field as you will read, ally agree when you learn that "a dihydric alcohol polyester of an unsaturated dicarboxylic acid selected from the group consisting of fumaric, maleic, citraconic and itaconic acids" is nothing but an improved printing ink, used by many newspapers of the land in operating their high-speed presses.

Anyway, it was the creation of the late Carleton Ellis, noted chemist, who died recently with 800 patents to his credit. This made him the owner of more patents than any other man, excepting only the late Thomas A. Edison and one John O'Connor, a relatively unknown scientist.

Colonel Lindbergh declares that Germany cannot be beaten and that the war will probably end in a stalemate. That statement probably pleased Hitler. But here is one that won't please the dictator. It breathes the spirit of America. It came from Thomas W. Lamont, New York banker. He said: "I am impatient with all this talk that Britain at best can never defeat Germany. I say Germany can be beaten, she is being beaten and she will be beaten." And Lamont backs up President Roosevelt in these words, referring to arguments whether this or that policy will lead to war: "We are not going to keep out of war just because we say we are. The issue of peace or war rests not with us, but with Hitler. He makes war when he pleases, how he pleases, and against whom he pleases."

CAPITAL circles were deeply shocked by the death on January 25 of Dr. C. D. Mitchell, for 21 years superintendent of the State Hospital for the Insane at Whitfield. Dr. Mitchell became the head of the administration of Governor Comer. Dr. Mitchell was a fellow in the American Medical Association, was twice president of the Southern Psychiatric Association, twice president of the Mississippi Medical Association. Funeral services were held at Wright & Ferguson's Funeral Chapel Sunday, January 28, and interment was made at Pontotoc, Mississippi.

The State Tax Commission, composed of Attorney-General Greer, L. Rice, State Treasurer Lewis S. May, and Motor Vehicle Commissioner Frank Miller, will receive bids on February 24 for automobile license tags for 1942. Approximately 300,000 tags were ordered for 1941.

The Mississippi State Board of Development and the W. P. A. are working on a climate data study of wind direction and velocity, precipitation, temperature, barometric pressure, etc., for National Defense. Field forces are located at Meridian and Vicksburg.

According to J. S. Vandiver, state superintendent of Education, in January more than 5000 adults attended classes in the Adult Education program, in home and family life, approximately 9000 were enrolled in classes on health sanitation, first aid, safety and other subjects, and several thousand were enrolled in trade, industrial and professional classes.

The State Forestry Commission, according to State Forester Fred Merrill, is anxious to have experimental plantings of cypress seedlings developed under various conditions throughout the state, and hopes to find at least enough interested landowners to establish fifty plantations of one acre each in size. Seedlings can be obtained from the Commission at \$2 per 1000.

All the W. P. A. workers connected with the various projects at the New Capitol held a meeting in the House of Representatives on Tuesday, January 28, in conjunction with National Defense Week in Mississippi. Among the speakers were Walker Wood, Secretary of State and Dr. W. D. McCain, director department Archives and History.

A press report states U. S. Army has 25,000 planes, U. S. Navy 10,000 and 50,000 to be added. Dr. C. M. Speck, Asst. Superintendent of State Hospital, Whitfield, has been named Superintendent by Governor Johnson. Southern Governors will hold their annual meeting at New Orleans, Mar. 15-17. A movement is on foot to make U. S. Highway 51, north and south, a 4-lane highway for National Defense. Estimated U. S. Fire loss in 1940 is estimated at \$806,000,000. Tex West Tubby, a choctaw Indian of Neshoba county, has volunteered for service in the U. S. Navy.

## MISSISSIPPI HAS \$16,000,000 IN DEFENSE CONTRACTS

Washington, January 29—Contract awards announced during the first half of January brought the national defense expenditures by the federal government since July 1, 1940, to \$16,192,142 for Mississippi.

These contracts, announced by the office of government reports were as follows: Mississippi, Army \$10,090,912; Navy \$4,013,696; Federal Works Agency WPA defense projects \$1,382,632; Public Buildings Administration \$149,500; Federal Security Agency office of education on defense training \$356,402.

The largest contract for early January was \$119,436 (WPA) for constructing an airport near Greenville.

## John G. Bolen, Sr., Passes Away Suddenly At New Orleans Sunday.

John G. Bolen, Sr., residing in New Orleans, husband of Irma Gardebled, former Bay St. Louis resident and daughter of the late Mayor G. G. Gardebled and Mrs. J. W. Burns, died suddenly in New Orleans last Sunday a week ago, survived by his wife and three children.

He was 41 years. His passing was sudden and proved a double shock to the family. Remains were taken by train to Wildersville, Tenn., accompanied by his widow, Mrs. J. W. Burns, Mrs. Michael Lucia, and Mrs. L. O. Ard, on Sunday night over the N. C. & O. R.

This is the second visitation of death in the family within two months—the brother-in-law, Linton Gardebled, passing away at New Orleans. The family, well and widely known in New Orleans, have the sympathy of the many who know them both locally and in New Orleans.

Death was certified by physicians to coronary thrombosis.

The Bank at the R. R. Crossing

**Hollywood Echoes.**

BETTER pictures for 1941 seem assured since the practice of block-booking was abolished by terms of the Federal trust-busting suit instituted against the film industry makes it necessary for producers to supply only Grade A films if they want to stay in business.

It is interesting to report that "Gone With the Wind" grossed something like \$23,000,000 in box office receipts throughout the land during 1940.

When Lawrence Olivier and Vivien Leigh left this country to return to England, they were almost financially destitute. Olivier turned over his savings to his former wife and their child and Vivien gave her savings for the support of her daughter who is now in Canada.

Although he has received numerous offers of screen-tests, Owen Ward, Brenda Joyce's bridegroom, who, has refused them all, preferring to stick to his job as an accountant.

Mickey Rooney and Linda Darnell are continuing what seems to all observers as a real "romance." They are seen together almost continuously when free from work at their studios.

John Nance Garner former vice-president of the United States has been offered a role in "Senate Page Boys" which is being produced by Columbia. Mr. Garner was promised two weeks' work, a raise in salary and a lot of attention. Just what Mr. Garner will do has not been learned.

Do you know how to walk? Flo Ziegfeld taught his chorus girls to walk gracefully by requiring, during barefoot, Indian fashion, with toes straight forward. Low heels were required for general wear, with high heels allowed only on the stage. He also made the girls practice walking up and down stairs with a book, balanced on their heads. Try it sometime.

Clark Gable, who was for Willie during the recent presidential campaign, is now a fervent booster of F. D. R. It all happened during his recent visit to the White House, where he heard the President make his fireside chat and talked with him for an hour afterwards.

Lynne Overman plays the role of a legless cripple in "New York Town." His legs are strapped behind him in such a position that he can maintain it only for two or three minutes at a time. After every "take" his legs had to be rubbed by a masseur.

One of the most attractive and promising actresses in Hollywood is Lucille Fairbanks, distant relative of the famous Fairbanks clan. Lucille made her screen debut in "Til We Meet Again," and also performed creditably in "Klute Rockne."

Marlene Dietrich and her daughter were recently seen at the Brown Derby dressed identically, with the girl a second edition of the famous Dietrich.

More than 1,600 children were registered for screen work in 1940. They averaged four days' work for the year, which is considered a good showing.

Unless Fox acts quickly, the Dionne quintuplets' contract with that studio will lapse next month.

Joel McCrae will have lead in the third production of "The Virginian" which was made in 1934 with Dustin Farnum in the title role. The new movie will be made in technicolor by Paramount and will have Betty Field furnishing the romantic interest.

Tired of rough-and-tumble roles, Marlene Dietrich will have a chance to return to her former condition of glamour in her next film, "Lady in New Orleans."

May Robson, an indefatigable knitter between scenes, is still busy knitting socks and sweaters, but they will not be received by her friends—she is knitting for the British soldiers.

## \$1,000 For Best Pictures!

NEW YORK, Jan. 27—Hollywood's "Ziegfeld Girls" will inspire artists in a national contest announced today by the Art Students League of New York.

Cash prizes totaling \$1,000 will be awarded for the best drawings or paintings symbolizing the "Ziegfeld Girl of 1941." The contest is open to all artists and art students in the United States.

**Famous Artists**  
A group of America's most distinguished illustrators are cooperating in the contest. As a guide and inspiration to entrants in the competition, Neysa McMein, McClelland Barclay, James Montgomery Flagg, Yarga, Gilbert Bundy, and John LaGatta are preparing their own individual conceptions of America's most beautiful showgirl.

**Suggested by Movie**  
The competition was inspired by the new Metro-Goldwyn-Mayer motion picture "The Ziegfeld Girl" now in production with James Stewart, Tony Martin, Jackie Cooper, Phillip Dorn, Hedy Lamarr, Lana Turner, Judy Garland, an outstanding cast of Hollywood stars, together with 32 of America's most beautiful girls selected from all over the country.

**All-around American Girl**  
A statistical forecast would indicate that Miss Ziegfeld Girl of 1941 is 20 years of age, five feet six inches tall, and may be either blonde or brunette, with blue or brown eyes. She measures 12½ inches around the neck, has a 35 inch bust, 25 inch waist, 19½ inch thigh and has a 36 inch hip measure. These figures were obtained from the average of the 32 models and screen stars in the picture.

**Seven Prize Winners**  
The winners will be awarded the following prizes: First prize \$500; Second prize \$200; Third prize \$100; Next four \$50 each.

Contestants may submit paintings or drawings in any medium—pastel, oils, water color, or black and white. Entries must be in the hands of the judging committee prior to midnight, March 17, 1941, plainly marked with name and address on the back and mailed to: Ziegfeld Girl of 1941 Contest, Room 1503, 1540 Broadway, N. Y. C. Details of contest rules may be secured from this address.

### WPA REGION 6 RECOGNIZED FOR SAFETY RECORD

New Orleans, Jan. 29—WPA Region 6, which includes Louisiana and Mississippi and had 24 fatal WPA accidents during the first 11 months of 1940 was presented the safety contest bronze trophy for November.

Presentation of the trophy was made to C. B. Brown, director of Region 6, at the meeting of WPA state administrators of the Southern states here.

Region 2, New York area, held the trophy for September and October and Region 6 (Louisiana, Texas, Oklahoma, Arkansas, Mississippi, and Alabama) and it previously in July, August and September, 1939.

Reports showed Region 6 made a gain of 99.11 per cent in safety for the first 11 months of last year.

The 24 fatal accidents in the six states gave the region a record of 14,334,000 man hours for each fatal accident, as compared with the WPA base figure of 7,182,000 man hours per fatal accident.

During the same period the region had 21.15 disabling injuries for each 1,000 man hours of work.

Employment increase of 540,000 reported by Miss Perkins.

### Jack Benny and Fred Allen Give Battle in Best Comedy Film of the Season.

Well, here it is at last! The picture you've been waiting for, the battle of the century between those feuding radio comedians, Jack Benny and Fred Allen! Paramount captured them on film in a furious, fast and funny musical farce titled "Love Thy Neighbor," which opens Sunday at the A. & G. Theater.

The gas that kept the audience in hysterics are songs you'll sing again and again and dances that are beautiful to watch.

And there's Miss Mary Martin, that charming and talented Broadway musical comedy star. She sings the song that she made famous in turn, "My Heart Belongs to Daddy," as only Mary can sing it. It's the finale to a swell picture in which she's accompanied by the cast and the Merriell Abbott dancers. And does she put it over with a bang!

And while we're speaking of songs it might as well be told here that there are three other numbers that are equally as colorful. They are "Do You Know Why," "Isn't That Just Like Love" and "Dearest, Darkest I!" The Merry Maes, that famous radio quartette, also carry off honors in several numbers.

Eddie "Rochester" Anderson—Jack's raspberry voiced valet on the air, is in the picture in all his glory. His girl friend is Theresa Harris and they make a swell team.

Verne Treadwell who isn't in enough pictures to suit us since he became Mrs. Adolph Menjou, upholds the tradition of the House of Menjou in a stunning array of new dresses.

Virginia Dale, as the blonde and beautiful showgirl, is enough to stop any show.

But there's always Jack Benny and Fred Allen in their battle of quips that keep the audience in stitches.

### BAY HIGH BASKET BALL TEAM WIN IN DOUBLE HEADER

**Undefeated Team Establishing Envious Record—Defeat Gulfport and Holy Cross.**

School athletics are presently occupying a great deal of attention with Bay High School's undefeated basketball team making an enviable record for themselves and continuing to down all teams which come before them.

On last Friday evening, the Bay Cagers defeated the Gulfport High Commodores in a doubleheader game at the Fair Grounds Gymnasium in Gulfport, and on last Saturday evening in their own gymnasium, before a record crowd, they again downed the crack Holy Cross Tigers.

The lineup of the Bay High team is Rhodes, forward; Seal, forward; C. Murphy, center; Campbell, center; Bourgeois, guard; Phillips, guard; Murphy, guard; Garriga, guard; Goldman, guard.

**CARD OF THANKS.**  
I wish to ask all of my good friends of Bay St. Louis, who contributed so generously to the fund for my ordination gifts, to kindly accept my sincere thanks and gratitude. My special thanks to Rev. J. Holken, S. V. D. and the committee, who gave so much time and energy in making the affair a success.

## BUSINESS BOOM ON THE COAST

State Activity During December Continues Upward.

State College, Miss., Jan. 30—Business activity in Mississippi during December continued the upward swing which began during the last quarter of 1940, stated the January issue of the Mississippi Business Review.

Bank debits and farm income were the only major indexes which failed to show increases during the month. Bank debits were down only 1.3 per cent for the major cities of the state reported by the federal reserve system. The decrease for all reporting centers, gathered by the business research station, was only 1.7 per cent.

Farm income in Mississippi during October, 1940, was 2.4 per cent under that of the same month in 1939. Farm income for the nation for the same period was down 7.4 per cent.

Contracts awarded were up 70.3 per cent, while contracts to be awarded increased 57.9 per cent. For 1940 as compared with the year 1939, contracts awarded increased 32.1 per cent; and contracts to be awarded were up 48.1 per cent.

**Building Permits**

Building permits for December in reporting centers showed a substantial increase of 60.5 per cent over December, 1939.

Life insurance sales for December were up 48 per cent.

Postal receipts in all reporting centers were up 6.5 per cent, while money orders issued increased 7.5 per cent. Cotton spindles in places were operated an average of 279 hours each in November, 1940. As compared with 386 hours each in the same month of 1939, a decrease of 27.7 per cent.

Tax receipts for the month of December, 1940, and for the year 1940, were well ahead of the same periods of 1939.

Total collections for December, were up 34.3 per cent.

Losses for the year were shown in the inheritance tax, down 34.7 per cent; and the beer, wine, and malt tax, down 4.9 per cent.

The Hattiesburg and Mobile business districts showed the highest gains for December. Both of these districts were up over 15 per cent.

**Defense Responsible**

The national defense program in the Hattiesburg area, including the recent allotment of \$3,500,000, to Camp Shelby by the War Department, was largely responsible for the big gains.

Ship building in Pascagoula, in the Mobile districts, continues to boost business in that area. The city is planning a \$150,000 sewerage system, street paving, and water main extension project.

Ingalls Shipbuilding Corporation has been allotted \$2,000,000 for building two additional ways at its Pascagoula plant; this contract is in addition to the contract for the United States Navy. The ways will be owned by the government and operated by Ingalls Corporation. It will double the present size of the plant.

Littrell Contracting Company of Opelousas, La., has a contract for the construction of a proposed natural gas transmission and distribution system for Pascagoula at \$291,000.

The Tupelo and Gulfport districts also showed highly satisfactory gains during December, both increasing from 10 to 15 per cent. The Memphis district increased between 5 and 10 per cent. Business activity was slightly down in the Greenville, Greenwood, Natchez and New Orleans districts.

**DOUBLE HEADER AT S. S. C.**

On Sunday afternoon, despite extremely inclement weather, a good crowd witnessed a doubleheader basketball game at St. Stanislaus College gymnasium between the teams of St. Stanislaus and Jesuits of New Orleans. The Rock-A-Chays went down in both games with scores of 42-24 and 17-19.

## GASTON TELHARD DIES AFTER LONG ILLNESS AT ORLEANS.

Was One of Few Remaining Taxi Men—Funeral Services Saturday Afternoon.

Gaston Telhard, son of the late Raoul Telhard and his wife Marie Petite, died at a hospital in New Orleans Friday afternoon, after a long illness. He was conveyed to New Orleans several weeks ago, and given every attention possible. The remains were conveyed to Fahey's Funeral Parlor, Bay St. Louis from which place funeral took place Saturday with the Rev. Leo F. Fahey officiating. Interment was in the family burial plot at Cedar Rest cemetery, where the remains of his father and mother and other relatives rest.

Gaston Telhard was a native of New Orleans, aged 62 years. He came to Bay St. Louis in 1889, during which year he accompanied his parents and sister to Paris, where they visited the famous exposition of that year, when the Eiffel Tower was built.

He is survived by one sister, Jeanne Telhard Ladrner, widow of Aristide Ladrner of Bay St. Louis; and five brothers, Marcel and Raoul, residents of Bay St. Louis; Albert Telhard of Pass Christian and Maxine and Sidney who reside in New Orleans where Mrs. Ladrner also lives.

He is also survived by a step daughter, Mrs. Juanita Hicks, daughter of his first wife, Mrs. Marie Pierson Hicks Telhard. Additionally, two other step daughters, Mrs. Frank Wheat and Mrs. J. E. Demoran of Bay St. Louis, daughters of his second wife, the late Mrs. M. McKinley Telhard.

Well known and member of a family of prominence, Mr. Telhard's passing will be read by many who knew him.

All of his life he was identified with the local passenger transportation business, for many years driver of his own taxi. He was one of the last two or three remaining taxi men and known for his faithfulness and dependability. For over a quarter of a century in business, he was never known to have disappointed a patron, which indeed, is quite a tribute.

The funeral was largely attended and many floral offerings served as testimonial of the popular regard in which he was held. He was always ready and ever willing to do.

Defense cooperation is put first in A. F. L. program for 1941.

## BEAUVOIR TO OPEN SATURDAY

**Gov. Johnson Unable to Be Present—Will Send Representative for Event.**

Governor Paul B. Johnson announces that because of the wedding of his son, Paul Johnson, Jr., he would be unable to attend Saturday the ceremonies at Biloxi marking the opening of Beauvoir as a public shrine.

Governor Johnson said, however, that he was sending a representative. The invitational program will be conducted under auspices of the United Daughters of the Confederacy. Subsequently the home will be open to the public.

A photostatic copy of the will which left to Jefferson Davis, president of the Confederacy, his home at Beauvoir, near Biloxi, will be presented to the board of trustees of the home by Francis L. G. Smith, educational director of the Louisiana State Museum, at a preview opening of the mansion.

The home, left to Davis by Mrs. Sarah Ann Dorsey, who described him in her will as "the noblest man that ever lived," has been used until recently as a home for Mississippi veterans of the War Between the States. Mrs. Dorsey willed the home to Davis when she died in 1878.

The property came into the hands of Varina Anne Davis, the president's daughter, better known as "Winnie Davis," the daughter of the Confederacy, who bequeathed the property to her mother, who sold it to the state of Mississippi. A copy of her will is also to be presented Smith said.

The "March of Dimes," benefit national fund for prevention of infantile paralysis, annual benefit marking President Roosevelt's birthday celebration, went over in big manner locally, with Post Master Leo G. Ford, official in charge of the drive, latest report from the fund amounted to \$51.50.

Waveland school, reports Miss Mary Perkins, was unable to stage a "March of Dimes," but substituted instead, raising of pennies, totaling \$100. This amount was turned over to Mr. Ford, chairman March of Dimes fund.

County Chairman Chas. G. Moreau reported that owing to prevailing flu, and a combination of circumstances over which there was no control, no ball was given this year. At this season of the year there are many conflicting dates, it was noted; the weather is unfavorable, and the cost of giving a ball makes it a hazardous undertaking in view of these and other facts.

On last Friday evening, Miss Evelyn Taconi was tendered a dance by her parents, Mr. and Mrs. James Taconi on the occasion of her sixteenth birthday when a large group of young people gathered in the private dining room of Palmisano's Tavern on Ulman avenue and danced until a late hour.

The large room was decorated in blue and white and refreshments of cake and bottled beverages were served.

Besides Miss Taconi and her parents, and Mr. and Mrs. J. P. Vainin who helped them serve, the following young people attended: Nola, Vivian Mae, and Jewel Toal, Raye Ann Vainin, Betty Lou Taconi, Claire Smith, Bay, Garcia, Bessie and Mary Lou Scaffidi, Arizona Taconi and Phillip Scaffidi, Cyril Piazza, John Solano, A. ## MOTHER ST. JOHN LOSES SISTER AT NEW ORLEANS, LA.

**Mother Elizabeth McHugh, Was Assistant to Provincial of Sisters of St. Joseph.**

Mother Elizabeth McHugh, assistant to the Provincial of the Sisters of St. Joseph died Thursday morning of this week, at 140 at Hotel Dieu in New Orleans, after a long illness.

Mother Elizabeth was a sister of Mother St. John, Superior of St. Joseph Academy here at Bay St. Louis, and member of a prominent Louisiana family of Baton Rouge and Zachery. Mother Elizabeth was 56 years of age at the time of her death and had been a member of the order for 36 years, spending most of her religious life teaching in the convent of New Orleans where she had been principal for years. She was also the general supervisor of studies in the houses of the South.

Mother Elizabeth is survived by a brother, Joseph McHugh of New Orleans, who was recently appointed a member of the Conservation Commission of Louisiana, and a sister, Barbara who is at Mount Washington near Cincinnati, Ohio.

The funeral will be conducted from the chapel of St. Joseph Academy on Ursuline avenue at Galvez street in New Orleans at 8:30 A. M. Friday with a requiem high mass and with interment in St. Louis cemetery on Claiborne avenue.

Mother Elizabeth was a woman of superior intellect and had taught many of New Orleans and Louisiana's women of note and had been a guiding influence in the educational life of the South. Her passing removes one who was beloved by everyone whose pleasure it had been to know her.

Announcement was made at Jackson Saturday of plans for the wedding on Saturday, February 8, of Miss Dorothy Elizabeth Power to Paul Burney Johnson, Jr., eldest son of Governor and Mrs. Johnson. The wedding will be solemnized at 4 p. m. at the executive mansion, and will mark one of the few weddings ever held there.

Mr. Dan B. Russell, of Bay St. Louis, will be one of the members of the bridal party, an usher in the church. Mr. Russell will be the house guest of Gov. and Mrs. Johnson at the Executive Mansion.

**SCHOOL SET HAS DANCE AT HOTEL.**

On last Saturday evening, the school set enjoyed an enjoyable dance at the home of Thomas Martin and Julius Rolfe, entertained jointly at a dance on the occasion of their birthdays which occurred on the same day.

The dance was given at Hotel Reed and especially admired was the huge birthday cake with divided parts, one side containing seventeen candies and the other eighteen.

Enjoying this delightful dance were Misses George, Hale, Rena Nelson, Iris Davis, Evelyn and Adele Luehrman, Helene Kergosien, Carrie Lynn Nolan, Frances Speer, Althea Meyer, Lucy Weston, Gloria Rolfe and Jerry Karst of Pass Christian, and James McConnell, Jr., James Bryan, Steele and James Angley, Jack Weston, Lando Goldman, Kenneth Bourgeois, Eugene Mogabgab, Alton Irwin, Al Smith of New Orleans, and Hugh and Jack Keffer.

**BUSINESS NOTICE.**

On the 1st of the month The Echo's book-keeping department sent out an unusually large number of bills for subscription to the paper. Responses have been above the average and in several instances letters complimentary to the home paper have been most generous and encouraging and for which we are thankful.

However, there remains quite a number to be answered. Remittances at this time are solicited and would prove doubly beneficial. The Echo newspaper is of much benefit, and it takes money and plenty of it to keep going.

One reminder says: "Bay St. Louis and Hancock county have no better representative and advertiser than The Echo paper. Its influence and excellence as a newspaper is of much benefit and it should be kept going under all hazards."

**Important for Women**

A weak, run-down condition often gives a foothold to functional dyspepsia, causing much periodic distress from headaches, nervousness, cramp-like pain, or women. CARDUI, a stomachic, in such cases, for it sharpens appetite, boosts flow of gastric juices, so improves digestion, helps build physical resistance. CARDUI, taken a few days before and during the time of the monthly flow, relieves the trouble and restores normal periodicity. Used 50 years.

## Personal and General

**LOVELY PARTY GIVEN BY THE DOG HOUSE REVELLERS SATURDAY.**

WITH the years turned back, the social organization known as the Dog House Revellers, enjoyed their annual dance on the evening of Saturday, February 1st at the Miramar Hotel at Pass Christian when the many characters of Mother Goose tales were enacted and numbers of clever costumes worn.

The large dining room of the Miramar Hotel had been decorated and great placards with Mother Goose rhymes changed into clever parodies were on the walls while colored balloons were all about. At midnight a floor show was given by local negro boys whose voices are well known.

A large attendance was there with seventy-five persons, mostly the younger set in Bay St. Louis, and a number of out-of-town guests and the party was one of the most enjoyable the Revellers have yet given.

Breakfast was served in the dining room of the Miramar at 2:30 A. M. and the party lasted until the wee small hours on Sunday.

So numerous and clever were the many costumes and "accessories" worn with them, that no end of fun was enjoyed over the comparison of each.

Before the dance, Mr. and Mrs. Walter J. Gex entertained at their home on South Beach boulevard at a buffet supper for the many guests attending the party and Mr. and Mrs. Harold Weston entertained with cocktails.

**MARRIAGE OF MISS HELEN HARDIE MARTIN TO MR. MORGAN L. SHAW.**

An event of unusual interest both in New Orleans and Waveland of the Mississippi Gulf Coast area was the marriage Saturday afternoon of Miss Helen Hardie Martin, daughter of Mr. and Mrs. Fontaine Martin, of Bayou LaCroix suburb to Bay St. Louis, and Waveland, to Mr. Morgan Langford Shaw, son of Mrs. Franklin Augustus Shaw, who took place at 4 o'clock at the home of Mr. and Mrs. Martin, the bride's parents, on the banks of oak canopied Bayou LaCroix.

The wedding was a quiet one, notwithstanding, however, there were quite a number of relatives and close friends from both sides attending the lovely affair. The Rev. Dunbar Ogden of New Orleans officiated.

The bride was given away by her father and wore a dress of white satin and a long, full veil of illusion. Her only ornament was a diamond brooch, an heirloom in her mother's family, originally belonging to her great-great-grandmother, Mrs. Thomas Gentry of New Orleans, and worn by all brides in her line of descendants since.

The only attendant on the bride was her sister, Mrs. Emile Lanoux, and the best man to the bridegroom was his brother, Mr. Franklin Augustus Shaw, Jr., both of New Orleans.

Miss Martin is an extremely popular member of the younger set in Society in New Orleans and the Gulf Coast. Her mother was before her marriage Miss Alice Baldwin, a daughter of the late Mr. and Mrs. Albert Baldwin, Jr., of New Orleans. She is a granddaughter of the late Mr. and Mrs. John T. Hardie of New Orleans.

Mr. Shaw attended Tulane and is a member of Kappa Alpha Fraternity and a B. B. A. His mother was formerly Miss Abby Juden, also of New Orleans.

After a short motor trip the young couple will be at home here in an apartment at 7800 Freret street, New Orleans.

**MARRIAGE OF PROMINENT YOUNG PEOPLE WEDNESDAY EVENING AT BAY ST. LOUIS.**

Mr. Norman A. Renshaw, son of Mr. and Mrs. H. S. Renshaw, prominent residents of Bay St. Louis, and Miss Kathryn Gray Singer, of Gulfport, Miss., and Dallas, Texas, were married quietly Wednesday evening, February 5, 1941, at 8:30 o'clock, in the presence of immediate relatives, at the residence of the groom's parents on North Beach Boulevard.

The attendants were Mr. Fred Peranich and Miss Kathleen Renshaw, sister of the groom.

Immediately following the ceremony the couple left on a bridal tour to be gone for some time. After which they will reside in New Orleans, where the groom is established in business with his father.

Mr. Renshaw is well known locally, graduate of St. Stanislaus College and long identified with yachting, golfing, tennis and other outdoor sports and member of several business and social clubs in New Orleans and along the Mississippi Gulf Coast.

**DOUBLE WEDDING AT NEW ORLEANS OF BAY ST. LOUIS INTEREST.**

The double wedding in New Orleans on Wednesday evening, at 7 o'clock at St. Andrew's Episcopal Church of Miss Betty Jane Anderson and Miss Helen Anderson created much interest in Bay St. Louis.

Miss Elizabeth Edwards, niece of Mr. John Edwards and the Misses Edwards and daughter of Mr. George Edwards, was maid of honor to Miss Betty Jane Anderson. Miss Edwards was pretty in a pale blue marquisette gown carrying a bouquet of pink sweethearts.

The Misses Anderson are well known in the Coast where they have visited frequently and summered at Clermont Harbor and Waveland.

## MR. WARREN JOHNSON COMMEMORATES HOUSEWARMING WITH DEBUTANTE PARTY.

Mr. Warren Johnson gave an outing Sunday at his Waveland beach home. "Magnolia," a charming housewarming with a debutante party, to which several hundred of New Orleans' and local elite, were present. This was one of the largest parties given locally and regardless of the inclemency of the weather, during the forenoon hours the party proved a most delightful success.

The married set and the younger society contingent were there. The affair was in compliment to two of New Orleans' most popular debutantes, Miss Lucie Claiborne and Miss Carolyn Himel.

The guests danced on the large porch to the music of an orchestra brought over from New Orleans, and during the afternoon badminton was played. Luncheon was served under the trees on the spacious grounds where over five hundred guests enjoyed the hospitality of the host.

The spacious home, offered the greatest advantage to the many who danced and enjoyed the various features of the day. Mr. Johnson and his daughter had not only planned extensively but the minute details had been attended to and nothing was left undone for the pleasure of so many guests.

"Magnolia," is a big, rambling type of house, one-story of unusual architecture, and which will lend itself easily to comfort and entertaining, there being nothing of its kind on the Coast to which section it is a handsome acquisition.

Mr. Johnson is living at the Reed Hotel during the construction of this unique and handsome home.

**MISS GEX GIVES PARTY TO MEMBERS OF SIGMA ALPHA OMEGA SOCIETY.**

Miss Vicky Gex entertained the members of Sigma Alpha Omega Sorority and a few extra guests at her home on North Beach Boulevard last Friday evening honoring Miss Eunice Tudury on the occasion of her birthday.

From a pretty table, party refreshments were served, and several of the young ladies rendered vocal selections, namely Miss Helen and Annabelle Arnold, Margie Elliott and Mary Frances Scaffidi.

The guest list included besides the honoree and the above mentioned young ladies the Misses Florence and Eleanor Swanner, Marie Therese and Billy Staehle, Anna Belle, Helen and Joyce Arnold, Gladys and Gloria Capdepon, Angelina Bourgeois, Margie Green, Nathalie Buehler, Margie Michel, Jane Juden, Mary Drew, Elaine Lamer, Marie Louise Schayot, Alzine Johnson, Iris Lang, Ida Tudury, Kay Ford and Patsy Gex.

**GROUP ASSEMBLY BEFORE ATTENDING PARTY OF DOG HOUSE REVELLERS.**

Dr. and Mrs. A. P. Smith entertained on Saturday evening before the dance of the organization known as the Dog House Revellers given at the Miramar Hotel at Pass Christian at a cocktail party at their home on South Beach Boulevard with several couples attending before going over to the party at Pass Christian. Dr. and Mrs. Smith were assisted by their daughter, Mrs. Essie Mae Smith. Those enjoying their hospitality were Mr. and Mrs. T. T. Robin, Mr. and Mrs. J. Roland Weston, Mr. and Mrs. Ernest Betzer, Mr. and Mrs. Leo Seal, Mr. and Mrs. Lynn of New Orleans, Rene de Montluzin and Miss Emily Hosmer, Mrs. Rita Tognotti and C. J. Gordon.

**MISS ANN SMITH GIVEN SURPRISE BIRTHDAY PARTY.**

Miss Ann Smith and Miss Ruth Gray were joint hostesses on last Friday evening at the home of Ann's parents, Mr. and Mrs. Harold B. Weston, honoring the birthday of Miss Ann Smith when a small group of young friends gathered and surprised Ann with a birthday dance.

Enjoying this party, besides the hostesses and Miss Smith were Misses Jean and Patricia Robin, Shelby and Mary Leigh Weston, Virginia Seal, and Betty Lee Mitchell and James A. Evans, Jr., Fred McDonald, Menou and Donald Arceneaux, Roger Boh, Gaines Kergosien, Billy Landry and Bobby Murgah.

Miss Katherine Ellen Kehoe entertained a few of her class mates at her home on North Beach Boulevard on last Monday afternoon on the occasion of her fourteenth birthday, namely Mary Frances Scaffidi, Emily Claire Murgah, Patsy Kehoe, Carol Stevenson and Betty Simpson of Pass Christian.

**NEW ARRIVAL FOR PERANICH HOME.**

Joy reigns in the home of Mr. and Mrs. Fritz Peranich over the arrival on Tuesday night of a third member to the family in the person of a little daughter. Mrs. Peranich is the former Anna Dale Crawford, daughter of Mrs. Owen Crawford and the late Owen Crawford, and mother of two little sons, and Mr. Peranich is a member of the recently formed Ford automobile agency and a popular Ford salesman in this territory.

### Personal and General News Notes of the Week From Sister City and Vicinity.

**A VERY impressive ceremony on Friday afternoon was the Defense Program that was given through the efforts of the principal of Waveland School, Miss Perkins as the closing exercises of Defense Week.**

A large gathering of people, composed of residents of Waveland, the teachers and pupils of the school and town officials who were joined by representative citizens from Bay St. Louis, workers of various W. P. A. projects, the bands from St. Stanislaus and Bay Central School, members of American Legion and Spanish War Veterans and auxiliary members assembled in front of the school on Coleman avenue to form a parade that marched to Beach Boulevard and returned to school grounds before the flag pole, where appropriate exercises were conducted.

Mr. Henry Capdepon, commander of American Legion, accompanied by a staff of Legionnaires was in charge of the ceremony. The oath of allegiance to the flag and country was repeated by all. The bands each in turn played our National Anthem, as the flag was raised and lowered by custodians Raymond Marrero and Alva Euhn.

Mayor T. J. Bourgeois introduced Mr. Grady Perkins, city commissioner from Bay St. Louis, who spoke on national defense and was well applauded.

Mrs. Joel Harris Lawrence visited here during the week, spending several days with her sister, Mrs. Belle Penrose and family on Beach Boulevard.

**LADIES CLUB PLAYS BRIDGE.**

The Tuesday Night Bridge Club met this week at the home of Mrs. E. J. Nelson on Carroll avenue for their weekly game with the following ladies participating: Mesdames W. S. Speer, Eugene Davis, Isabelle Joyner, Sheldon Seuzenau, R. B. Deacon, Amelia Howze, W. Anderson, A. Noto, James Sylvester, Raoul Telhard, Wilson Moore and the hostess, Mrs. Nelson.
